VLADIMIR A. WAHBE
SECRETARY OF STATE PLANNING

301 WEST PRESTON STREET
BALTIMORE, MARYLAND 21201

September 10, 1970

The Intergovernmental Cooperation Act of 1968 as implemented by the Bureau of the Budget Circular A-95, resulted in the establishment of a State Clearinghouse in the Department of State Planning. The State Clearinghouse has now been in operation for approximately one year. Based on the experience gained so far, we have prepared this Procedures Guide to formalize our procedures in order to insure greater efficiency in handling applications for Federal aid and notifications of grant-in-aid received from the Federal government.

We ask your cooperation in following these procedures particularly by notifying us as far in advance as possible of the date you plan to file your application for a Federal grant. We plan to revise these procedures periodically, hence the loose-leaf format. As we gain still further experience we will publish a complete revision at a later date. Your comments and suggestions on how we can improve our operation, or make it easier for you, are more than welcome.

These procedures are effective on the date of receipt by addressees. Thank you for your cooperation.

Sincerely,

Vladimir Wahbe

MARYLAND

PROJECT NOTIFICATION AND REVIEW SYSTEM

PROCEDURES GUIDE

This procedural guide is intended to assist all Maryland participants in grant-in-aid programs under the Intergovernmental Cooperation Act of 1968 and Bureau of the Budget Circular A-95 in executing their responsibilities under the Project Notification and Review System.

PART I

BACKGROUND

The Federal Bureau of the Budget Circular A-95 was issued October 1, 1969 as a means, in part, of implementing the Intergovernmental Cooperation Act of 1968, particularly Section 201 and Title IV.

Title IV is aimed primarily at expanding and facilitating the evaluation, review and coordination of Federal assistance programs and projects within the States. To this end, it encourages the establishment of a project notification and review system. Section 401(b) requires that "all viewpoints -- national, regional, State, and local -- shall, to the extent possible, be fully considered and taken into account in planning Federal or federally assisted development programs and projects." Section 401(c) states, further, that "to the maximum extent possible, consistent with national objectives, all Federal aid for development purposes shall be consistent with and further the objectives of State, regional, and local planning."

Circular A-95 incorporates two existing broad government-wide planning requirements in furtherance of Title IV:

Section 204 of the Demonstration Cities and Metropolitan Development Act of 1966, which requires that applications for Federal assistance for a wide variety of public facilities type projects (highways, hospitals, etc.) in metropolitan areas must be accompanied by the comments of an areawide comprehensive planning agency as to the relationship of the proposed project to the planned development of the area. The new regulations under Circular A-95, which supersede Circular A-82, build upon the review process established under Section 204.

Bureau of the Budget Circular A-80 which encourages regional planning on a consistent geographic base of State-established regions. Federal programs assisting planning and development are required to conform to these regions unless there is a clear justification for not doing so. The regulation also requires that applicants for Federal assistance to regional planning and development identify related planning and development activities in the region and demonstrate how they will coordinate their own activities with them.

Bureau of the Budget Circular No. A-95 supersedes Bureau of the Budget Circular A-80, dated January 31, 1967 and Bureau of the Budget Circular A-82, revised, dated January 10, 1969.

Under Section 201, each state is asked to designate an agency to serve as a central point for the reception of grant-in-aid information from Federal agencies. The designated agency is responsible for: (1) distributing to the Governor, the State Legislature and other appropriate agencies of State government information on the purpose and amounts of actual grants-in-aid made to the State or to its political subdivisions, and (2) making such information available to regional and metropolitan agencies and local governments.

Bureau of the Budget Circular A-95 requires that to the extent not presently required by statute or administrative regulation, Federal agencies administering programs requiring a State plan as a condition of assistance under such program will require that the Governor be given the opportunity to comment on the relationship of such State plan (or amendments thereto and projections or other periodic reports thereon required under the program) to comprehensive and other State plans and programs. Governors will be afforded a period of forty-five days in which to make such comments, and any such comments will be transmitted with the plan.

Clearinghouses

To effect the coordination of Federally assisted planning and development activities within the States, as provided for in Circular A-95, each Governor was asked to designate State and regional clearinghouses whose responsibilities are to: (1) receive from prospective applicants a notification of intent to apply for Federal aid; (2) determine State, regional or local interest; (3) arrange conferences between applicants and appropriate agencies to identify and resolve issues or conflicts; (4) prepare evaluation comments to accompany final application; and (5) notify interested parties of the application's disposition.

In Maryland, the Department of State Planning has been designated as the State Clearinghouse, based on legislation enacted by the Maryland General Assembly and signed into law by the Governor - Article 88c, and also the agency to receive and distribute Federal grant-in-aid information (See Appendix A-1). No additional regional Clearinghouses were created except that the already established Regional Planning Council (RPC) and the Washington D. C. Council of Governments (COG) became regional Clearinghouses for their respective areas.

Governor Mandel has delegated to the Department of State Planning the authority to review and comment on his behalf on those State plans required to be submitted to the Governor by Part I, paragraph 7 of Bureau of the Budget Circular A-95 (See Appendix A-2).

PART II

PROJECT NOTIFICATION AND REVIEW PROCEDURES

1. Applicants for Federal aid.

A potential applicant for Federal assistance under a program covered by Circular A-95 (See Appendix B) is required to notify both the State Clearinghouse and his Regional Clearinghouse where applicable of his intent to file an application. Those applicants not in the jurisdiction of either RPC or COG will submit their applications only to the State Clearinghouse. The notification is to include a summary description of the proposed project and certain other information essential for the Clearinghouse review. Form (DSP-CL-100) (See Appendix D-1) has been

developed by the State Clearinghouse as the Summary Notification of Intent to be used by all State and local applicants. RPC and COG may require other forms of notification of intent. An original and two copies of this form are to be forwarded to the State Clearinghouse. The State Clearinghouse will have thirty days after receipt of DSP-CL-100 in which to indicate its interest and to arrange for any necessary consultation on the project, before the preparation of the formal application. Additional time is allowed if necessary to resolve issues or conflicts, as set forth in the procedural steps outlined below.

2. The State Clearinghouse.

- A. Will notify within five days (using a form letter, Appendix D-2) the applicant and the respective Regional Clearinghouse of the receipt of summary notification.
- B. Will forward within five days of receipt a copy of the summary notification to State agencies with plans or programs that might be affected and to any others, including counties, interstate or inter-regional bodies, that might be interested in the project, with a request for review (form letter Appendix D-3) and reply within twenty days. A blank copy of the form letter (Appendix D-4) is enclosed for use by each agency in responding.
- C. Will initiate concurrent review by appropriate elements and individuals within the Department of State Planning to evaluate the relationship of the project to statewide comprehensive plans and its bearing on State plans and programs.
- D. Within twenty days of review request, receives replies from the referral agencies indicating their interest in the project, stating questions and/or conflicts seen, or offering comments supportive or critical.

3. The State Clearinghouse upon receipt of the referral agencies' responses either:

- A. Will notify the applicant (form letter Appendix D-5) that the review procedure has been completed, that there is no apparent conflict with State plans, goals and objectives and no need for further discussions, and that the applicant may complete and file the formal application with the appropriate Federal agencies; or
- B. Will notify the applicant (form letter Appendix D-6) that there is State interest in the proposed project, and that one or more of the reviewing agencies has raised questions, pointed out conflicts or commented critically and wishes to confer with the applicant; or
- C. Will notify the applicant (form letter Appendix D-7) that there is a State or other interest in the proposed project and that there are some qualifying conditions and questions which the applicant is asked to further resolve before the State can comment formally on the project. Ordinarily, these conditions or questions will be of such a nature as to not require a conference to resolve.

4. A. Pursuant to 3B above, the State Clearinghouse, in coordination with the Regional Clearinghouse, if appropriate, will arrange and chair conferences among the interested parties or initiate correspondence or other mediation to resolve questions and/or conflicts.
B. Pursuant to 3C above, the State Clearinghouse will coordinate with appropriate agencies to assure that the qualifying conditions have been resolved and that questions raised have been satisfactorily answered. If not, further correspondence will be initiated or a conference convened, if necessary.
5. Based upon the results of the conferences, mediation efforts and correspondence, the State Clearinghouse will either:
 - A. Notify the applicant (form letter Appendix D-8) that the proposed project is in accord with existing State plans, goals and objectives and the applicant may complete and file the formal application; or
 - B. Notify the applicant (form letter Appendix D-9 or D-10 as applicable) that the proposed project is in conflict with existing State plans, goals and objectives and that unless the project is revised the State Clearinghouse intends to comment accordingly on the final application.
6. Pursuant to step 5B the State Clearinghouse receives the final application, which may or may not have been revised since the conferences or exchange of correspondence in step 4. Within 30 days the State Clearinghouse reviews the application and formally comments to applicant (using form letter Appendix D-11). The applicant must submit these comments with the application that is forwarded to the appropriate Federal agency(s). The Federal agency will consider the State Clearinghouse's comments when acting upon application.
7. State Clearinghouse receives notification from the Federal agency on the final disposition of the application and, in turn, notifies all appropriate parties (form letter Appendix D-12).

PART III

GENERAL

1. A flow chart outlining the procedures above is shown at Appendix C.
2. The Regional Clearinghouses, RPC and COG, generally follow the same procedures as stated for the State Clearinghouse. The State, RPC and COG Clearinghouses will coordinate closely during their parallel processing of applications for Federal aid. In most instances, there will not be difference of opinion between the State and RPC or COG Clearinghouses.

However, there may be a few cases where there will be a difference of opinion. In these instances the Secretary of State Planning will be given the opportunity to make a final review of the comments and recommendations of the RPC and COG Clearinghouses. (See Appendix A-2)

3. Some State agencies and other regional and local agencies and governments have designated specific individuals by name to be their contact for processing A-95 applications. These are shown in Appendix E. For some State agencies where we had no contact person, we have listed the head of that agency. If the heads of such agencies wish to designate another individual as the contact person, please send their names to the State Clearinghouse. In the event an individual is not shown for a particular agency or region or local government, please designate such an individual and inform the State Clearinghouse.
4. Under section 204, the Metropolitan Clearinghouses (RPC and COG) are permitted sixty days for terminal application review. It is the expressed hope of the A-95 published guidance, however, that the "early warning" provided by the Project Notification and Review System, prior to preparation of a formal application, will make a full 60-day review period unnecessary in most cases.

APPENDIX A

Letter to Director, Federal Bureau of the Budget, designating the Department of State Planning as the State Clearinghouse and the State Central Information Reception Agency, and letter to Director, Office of Management and Budget, designating the Department of State Planning as the Agency to review State Plans in the name of the Governor and authority to review comments and recommendations of metropolitan clearinghouses.

STATE OF MARYLAND
EXECUTIVE DEPARTMENT
ANNAPOLIS, MARYLAND 21404

MARVIN MANDEL
GOVERNOR

August 26, 1969

Mr. Robert P. Mayo, Director
Bureau of the Budget
Executive Office of the President
17th Street and Pennsylvania Avenue
Washington, D. C. 20503

Dear Mr. Mayo:

In furtherance of the objectives of the Intergovernmental Cooperation Act of 1968 and Circular No. A-95 which implements the Act, I am designating the Department of State Planning as the State Clearinghouse. I would also like to designate the Department of State Planning as the State Central Information Agency to receive notification of all Federal grants made to jurisdictions of the State. Correspondence relative to this designation should be addressed to:

Mr. Vladimir A. Wahbe
Secretary of State Planning
Department of State Planning
301 West Preston Street
Baltimore, Maryland 21201

For the present the clearinghouse function for non-metropolitan areas will be handled by the State Department of Planning in its State Clearinghouse capacity. I anticipate designating non-metropolitan regional agencies to serve as regional clearinghouses within the coming year, and will notify you when this is accomplished.

I believe that Maryland will benefit greatly from this exchange of information which will result in increased project coordination and enhance programming at all levels of government.

Sincerely,

Marvin Mandel

STATE OF MARYLAND
EXECUTIVE DEPARTMENT
ANNAPOLIS, MARYLAND 21404

MARVIN MANDEL
GOVERNOR

August 12, 1970

Mr. George P. Schultz, Director
Office of Management and Budget
Executive Office of the President
Washington, D. C. 20503

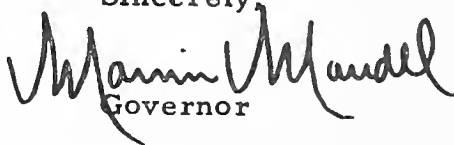

Dear Mr. Schultz:

In furtherance of the Bureau of the Budget Circular A-95, on August 26, 1969, I designated the Department of State Planning as the State Clearinghouse to review all federally aided plans and programs in Maryland and also to receive notification of all Federal grants made to jurisdictions of the State. I so informed Mr. Robert P. Mayo, former Director, Bureau of the Budget, see letter attached.

Procedures required by Paragraph 7, Part I, of the Bureau of the Budget Circular A-95 give the Governor the opportunity to comment on the relationship of certain State plans to comprehensive and other State plans and programs. This is to inform you that I have designated the Department of State Planning through its Secretary, Mr. Vladimir Wahbe, to act on my behalf to review and comment on these plans. Also Mr. Wahbe has the authority for the final review of the comments and recommendations of any and all regional or metropolitan Clearinghouses within the State and also the Maryland portions of the interstate Standard Metropolitan Statistical Areas.

It will be appreciated if you request those Federal agencies administering programs requiring review of State plans by the Governor be informed of my delegation of this authority to Mr. Vladimir Wahbe.

Sincerely,

Governor

Attachment

cc Mr. Vladimir Wahbe

APPENDIX B

Program Coverage under BOB Circular A-95

APPENDIX B

Programs not marked by an asterisk are covered by section 204 of the Demonstration Cities and Metropolitan Development Act of 1966. Programs marked by an asterisk in the left margin have been added pursuant to Title IV of the Intergovernmental Cooperation Act of 1968. Listed programs are grouped according to function.

In this listing, the line item "FFAP" under each program indicates "Federal Financial Assistance Program", and gives the name and page number as listed in the Catalog of Federal Domestic Assistance. The numbers in parenthesis () indicate the page number of the 1969 edition of the catalog. The numbers in brackets [] indicate the program number in the 1970 edition of the catalog. Applicants are encouraged to use the 1970 catalog as it contains more comprehensive information on the domestic assistance programs.

A. Open Space Land

- (1) HUD -- Open space program (42 USC 1500-1500e)
42 USC -- Public Health and Welfare Chapter 8C - Open-Space Land, Urban Beautification, and Historic Preservation
FFAP -- Open Space Land (281) [14.213]7
- (2) Interior -- Outdoor recreation (16 USC 460L - 460L-11)
16 USC -- Conservation
Chapter 1 - The National Parks, Military Parks, Monuments and Seashores
Subchapter - Outdoor Recreation Programs
FFAP -- Outdoor Recreation Financial Assistance (343) [15.400]7
- (3) DOT -- Landscaping and scenic enhancement (23 USC 319(b))
23 USC -- Highways
Chapter 3 - General Provisions
FFAP -- Highway Beautification (421) [20.202-20.204]7
- (4) USDA -- "Greenspan" program (7 USC 1838 (i) (j))
7 USC -- Agriculture
Chapter 45 - Soil Bank Program
Subchapter IV - Cropland Adjustments
FFAP [Not listed, not funded in FY 70]7

B. Hospitals

- (1) HEW -- Hill-Burton hospital and health facilities construction program (42 USC 291-291j)
42 USC -- The Public Health and Welfare
Chapter 6A - The Public Health Service
Subchapter IV - Construction and Modernization of Hospitals and other Medical Facilities
Part A - Grants and Loans

Applicant:

Project:

State Clearinghouse Control Number:

State Clearinghouse Contact:

A copy of the Summary Notification for the above project is enclosed for your review and comment, in accordance with the Bureau of the Budget Circular A-95 Intergovernmental Review requirements. Your review should focus especially on the intended application's compatibility with the plans, programs and objectives of your agency. Circular A-95 requires a reply back to the applicant within thirty days. Therefore, we need your reply by no later than _____.

Please use the enclosed form letter to reply to this review request, and indicate whether or not your agency has any further interest in the proposed project.

The State Clearinghouse member named above is responsible for coordinating this project and is ready to answer any questions you may have or to render assistance in conferring with the applicant.

Sincerely,

Edward T. Podufaly
Chief, State Clearinghouse
